there was plenty of room in the corner.

It now appears certain that the delegates to the national convention in San Francisco on June 28 will be Senator McKeliar, T. R. Presson, Harry S. Berry and Mrs. Guilford Dudley. Finis Garrett, the able and eloquent congressman from the Ninth district, was a candidate for delegate-at-large, but it now appears that he will be appeased for his disappointment by being made chairman of the state convention when it meets Tuesday.

The executive committee meets in Nashville Monday to hear contests. There are only a few. Harmony marked the deliberation of most of the conventions in the 95 counties, although the Roberts forces and the Lea forces combined in about 15 counties and adopted resolutions censuring Senator Shields. This seems to be the only issue upon which the two contending forces can combine.

In all probability the delegates from the Tenth congressional district will be Miss Charl Williams and Judge Julian Wilson.

HIGH SCHOOL PLAY **DELAWARE ANTIS WIN** IN SUFFRAGE FIGHT

Ratification Believed Blocked as Legislature Expires.

The graduating class of Central bigh school Tuesday night gave its play on the lawn in the back of the building. The play was "Pan's Anniversary, or the Shepherd's Holiday." Miss Elizabeth Sutton, in the part of Pan, was the star of the evening. Miss Gwendolyn Watson; in the part of Egeria, was a close second.

Berry Brooks and Carl Graves, as the shepherd and fencer, respectively, took the most important male roles. They both displayed fine powers of declamation. The play was under the direction of Miss Florence Schloes, to whom much credit is due for the success.

Graduating exercises will take place Thursday evening in the nuditorium of the school. They will start at 8 o'clock. DOVER, Del., June 2.—The special session of the Delaware legislature met for its final session today with the resolution to ratify the federal suffrage amendment still in the house committee of the whole, where its opponents predicted it will be allowed to die. Both houses adopted a concurrent resolution Friday to adjourn sine die today, and as a two-thirds vote is necessary to bring the suffrage measure from committee, it was generally agreed that unless the antisuffrage members are willing it will not come before the house again.

After being defeated by the lower nouse, the resolution was adopted by the senate May 5, but fearing a second defeat, suffrage advocates succeeded in preventing it being messaged to the house until last Friday. Meanwhile every effort was made to bring about a change of sentiment in the lower house. Antisuffragists declare, however, that instead of increasing their strength, the suffragists have lost one or two votes.

Secrecy Surrounds Bolshevik Mission | Ration With Start

LONDON, June 2—While the secrecy which has surrounded the mission to London of Gregory Krassin, Russian Bolshevik minister for trade and commerce, is being maintained, several newspapers here print reports on the progress the soviet envey is making. It is generally accepted he has received official permission to establish a Russian trade bureau in this city. Some papers go further and declare he has secured a lease on premises in London, but where these are has not been revealed.

ALUMNI BANQUETS NORMAL GRADUATES

The graduating class of Normal school was entertained at a banquet on Tuesday night at the school by the Alumni association. There were 45 seniors present, and about 90 members of the association. Miss Durham, president of the association, was toastmistress.

Dr. A. A. Kincannon, president of the school, gave a talk. He seemed very optimistic, saying that the public was at last realizing that teachers needed a living wage, and that in his opinion, they would get it before very long.

Grady Shores, president of the graduating class, made a talk that was well received. Prof. Vaughn delivered a dialogue sketch, and the Misses McLain and Lay did a mind-reading stunt in a humorous vein.

PUBLICITY CONSIDERED AT CHURCH CONVENTION

CLEVELAND, June 2—Reports of the publicity and community commissions were presented at today's seasion of the church and community convention of the commission on federations of the Federal Council of Churches of Christ in America.

The founders of Christianity would have gotten along with reporters famously, the report of the commission on religious publicity states.

The report pleads for the intelligent co-operation of the churches with the newspapers, for the sake of presenting to the public the larger work of the religious organization, but without glaring publicity of the type formerly employed by patent medicine companies.

OPEN FIGHT TO GET PHILIPPINE FREEDOM

CHICAGO, June 2.—The fight for a platform declaration by the Republican party for full independence for the Philippines was taken up today by a delegation from the islands, headed by Jamie de Veyra.

"By the Jones law, of Aug 23, 1916," declared Mr. De Veyra, "the Philippines were promised their independence as soon as stable government could be established on the islands. The Philippines have that stable government today. America's official representatives in the Philippines testifies to its existence."

ADJOURNMENT MEASURE GOES BEFORE SENATE

WASHINGTON, June 2.—The question of adjournment of congress next Saturday was put up to the senate today when the house resolution adopted yesterday was received. Under this measure congress would adjourn sine die at 4 p.m. Saturday.

Leaders were speculating on the probable attitude of President Wilson toward adjournment. Some suggested he might call a special session about July 19, should the adjournment resolution be adopted by the senate. pany have been well to Giantero Al-glistit, for Howle Vigitatit is a truck gardener He will build a home there. CROPS IN DYER COUNTY

NEWBERN, Tenn, June 2 (Spl.)—
In some sections of the county army worms are reported to be of great menace to growing vegetation, and the pestis evidently becoming enormously destructive to the grass and clover crops.
Some fields have been stripped, but it
is reported that the hot weather will
soon exterminate the worms. There
is a great shortage of hay in Dyer
county this year. The wheat crop is
exceedingly light and will promise a
small yield this zeason owing to the
continued wet weather during the planting season, many fields remaining unsown in this part of the remain.

Bad Complexions Peeled Off at Home

The girl with the poor complexion complains, "I have to touch up my cheeks. I am sallow and a sight, and only my makeup saves me."

Now, as a matter of fact, more women spoil their good looks than improve them with cosmetics. The practice certainly is unnecessary, now that the virtues of ordinary mercolized wax as a beautifier have become known. I has been found that the wax has wonderful absorbent powers. It causes the faded or discolored scarf skin to flake off in minute, almost imperceptible particles, so gently, gradually, as to cause no inconvenience at all. In this way the old complexion is actually removed—likewise all fine lines, freckles, pimples, blotches, moth patches and other surface defects. A new complexion appears—a clear, smooth, youthful, healthy-hued skin such as no rouge powder or cream can produce. Mercolized wax, to be had at any drug store in convenient size package, is applied the convenient size package, is applied the convenient size package, is applied. in convenient size package, is applied like cold cream and allowed to remain on over night.
